PEACE

The peace is coming
The birds are flying in the dark sky,
People are kissing goodbye,
The warriors are ready to die.
Look at the sky,
Sun has given off the first ray of sunlight,
The peace is coming on the way to the world.

WHAT WE NEED

“I have a dream” there’s still need to fight.
The same life but different destiny,
they see colors as a threat
even if we are unarmed.
What we need are
just freedom and equality.

PEACE AND WAR

What makes the blood of hero
color our history red?
What makes the smoke of hate
leave the earth with a smile?
We can reject a violent soul,
but we can’t refuse
a pair of friendly hands.

PEACE

Under the same sky,
with the same blood,
I believe the place with peace
must be like heaven.

and full of happiness.

We want peace!

PEACE

If the day is done,
If birds sing no more,
If children stop laughing,
Is that what you want?
Can you hear the cry tearing my throat?
Give your heart, love will never die,
Give your love, peace will hold on.
